## SUMMARY

Frontend Developer with 4+ years of experience building scalable, responsive, and high-performance applications using React.js, Next.js, TypeScript, Tailwind CSS, and REST APIs. Strong background in real estate platforms (30+ projects), SaaS dashboards, ERP systems, e-commerce, and UI engineering. Skilled in performance optimization, clean architecture, and transforming designs into pixel-perfect experiences.

## EXPERIENCE

### **Addicta — Frontend Developer** (Jul 2024 – Present)

- Building enterprise dashboards using Next.js + TypeScript.
- Developing reusable UI components and API-driven modules.
- Improving Lighthouse performance, SEO, and code quality.

### **Cretik — Frontend Developer (Remote)** (Jul 2022 – Jul 2024)

- Converted Figma/XD designs into fully responsive web applications.
- Developed agency, corporate, and e-commerce platforms.
- Implemented modern React architecture using Tailwind + APIs.

### **ViewPlus — Mid Frontend Developer** (Mar 2021 – Feb 2022)

- Developed real estate, media, and marketing platforms using React and Bootstrap.

### **ViewPlus — Junior Frontend Developer** (Sep 2020 – Feb 2021)

- Built landing pages, corporate sites, and UI components.

### **Gymme — Junior React Developer** (Mar 2022 – Jun 2022)

- Developed SaaS UI for gym management (booking + membership).

## KEY PROJECTS

- The Official Egyptian Real Estate Platform — Government MLS system.
- Dayra Market — E-commerce built with Next.js.
- Veyolo — ERP system (3 dashboards).
- Gymme SaaS — Membership & booking platform.
- ESports Lab — Gaming platform with animations.
- Game Zone — Cyber gaming platform.

## SKILLS

**Frontend:** React, Next.js, TypeScript, JavaScript, Tailwind, Bootstrap, HTML, CSS, SCSS

**APIs & Tools:** REST APIs, Axios, JSON, Git, GitHub

**Other:** Animations, Performance Optimization, Responsive UI

## **EDUCATION**

Faculty of Arts (2019–2024) — Grade: Good
